SECTION 1

Research in Occupational Therapy: Basic Elements for Enhancing Practice

- 1 Occupational Therapy as an Evidence-Based Practice Profession** 1
Renée R. Taylor, Gary Kielhofner,
Nancy A. Baker
- 2 Classifications and Aims of Research** 11
Renée R. Taylor, Gary Kielhofner, Ellie Fossey
- 3 Philosophical Foundations of Research** 25
Renée R. Taylor, Gary Kielhofner
- 4 Reading and Understanding Published and Presented Research** 34
Renée R. Taylor, Nancy A. Baker,
Pimjai Sudsawad
- 5 Critically Appraising and Classifying Published and Presented Research** 47
Renée R. Taylor
- 6 Managing Barriers to Evidence-Based Practice: An International Imperative** 59
Annie McCluskey, Renée R. Taylor
- 7 Professional Responsibility and Roles in Research** 69
Anne Cusick, Gary Kielhofner,
Renée R. Taylor
- 8 The Role of Theory in Occupational Therapy** 78
Renée R. Taylor

SECTION 2

Laying the Groundwork for Evidence-Based Practice: The Steps of the Research Process

- 9 Steps in the Research Process and Characteristics of Sound Research** 86
Renée R. Taylor, Gary Kielhofner,
Hector W. H. Tsang, Marian Arbesman
- 10 Conducting a Literature Review** 99
M. G. Dieter, Gary Kielhofner,
Renée R. Taylor
- 11 Generating Research Questions and Defining Specific Aims and Hypotheses** 114
Renée R. Taylor, Hector W. H. Tsang,
Marian Arbesman
- 12 Selecting the Research Method** 119
Renée R. Taylor, Ellie Fossey, Gary Kielhofner
- 13 Writing the Research Proposal** 135
Renée R. Taylor
- 14 Ensuring Ethical Research** 144
Don E. Workman, Gary Kielhofner,
Renée R. Taylor
- 15 Securing Samples and Performance Sites** 162
Anne E. Dickerson

SECTION 3

Qualitative Approaches: First Steps in Communicating With Language

- 16 Design Considerations in Qualitative Research** 180
Mark R. Luborsky, Cathy Lysack

17 Collecting Qualitative Data 196
Cathy Lysack, Mark R. Luborsky,
Heather Dillaway

**18 Contemporary Tools
for Managing and Analyzing
Qualitative Data** 214
Nadine Peacock, Amy Paul-Ward

**19 Qualitative Approaches
to Interpreting
and Reporting Data** 228
Heather Dillaway, Cathy Lysack,
Mark R. Luborsky

SECTION 4

**Quantitative Approaches:
First Steps in Communicating
With Statistics and Measures**

**20 Quantitative Research Designs:
Defining Variables and Their
Relationships With One Another** 244
David L. Nelson, Gary Kielhofner,
Renée R. Taylor

**21 Developing and Evaluating
Quantitative Data Collection
Instruments** 274
Gary Kielhofner, Wendy J. Coster

22 Collecting Quantitative Data 296
Renée R. Taylor, Gary Kielhofner

**23 Entering, Storing,
and Managing Data** 313
Marcia Finlayson, Toni Van Denend

**24 Deciding on an Approach
to Data Analysis** 330
Renée R. Taylor

25 Meta-Analysis 342
Kenneth J. Ottenbacher, Patricia Heyn,
Beatriz C. Abreu

SECTION 5

**Descriptive, Exploratory,
and Pilot-Study Research**

26 Single-Subject Research 360
Jean Crosetto Deitz

27 Survey Research 375
Kirsty Forsyth, Frederick J. Kviz

SECTION 6

**Additional Topics for the
Developing Investigator**

28 Needs Assessment Research 395
Marcia Finlayson

29 Program Evaluation Research 410
Brent Braveman, Yolanda Suarez-Balcazar,
Gary Kielhofner, Renée R. Taylor

**30 Participatory Research
Approaches** 424
Renée R. Taylor, Yolanda Suarez-Balcazar,
Kirsty Forsyth, Gary Kielhofner

31 Writing a Literature Review 437
Renée R. Taylor, Gary Kielhofner, Ellie Fossey

**32 Disseminating Research:
Presenting, Writing,
and Publishing** 447
Gary Kielhofner, Ellie Fossey, Renée R. Taylor

33 Writing a Grant Proposal 460
Renée R. Taylor, Yolanda Suarez-Balcazar,
Geneviève Pépin, Elizabeth White

**34 Using Mixed-Methods Designs
to Study Therapy
and Its Outcomes** 488
Mary A. Corcoran

**35 Creating Outcomes Research
for Evidence-Based Practice** 498
Pimjai Sudsawad
