PREFACE, *xi*
ACKNOWLEDGEMENTS, *xiii*
CONTRIBUTORS, *xv*

PART 1

BASIS OF TRIGGER POINT DRY NEEDLING

1 Basic Concepts of Myofascial Trigger Points, 1

*César Fernández-de-las-Peñas,
Jan Dommerholt*

Myofascial Trigger Point Overview, 1

Neurophysiological Basis of Muscle Referred Pain, 2

Clinical Characteristics of Muscle Referred Pain, 2

Mechanisms and Neurophysiological Models of Referred Pain, 2

Neurophysiological Aspects of Myofascial Trigger Points, 4

The Nature of Trigger Points, 4

Sensitisation Mechanisms of Trigger Points, 7

Pathophysiology of Trigger Points: The Integrated Hypothesis, 10

Other Hypothetical Models, 11

References, 12

2 Proposed Mechanisms and Effects of Trigger Point Dry Needling, 21

Jan Dommerholt, César Fernández-de-las-Peñas

Introduction, 21

Mechanisms and Effects of Trigger Point Dry Needling, 22

Summary, 25

References, 25

3 Dry Needling for Fascia, Scar, and Tendon, 31

*César Fernández-de-las-Peñas,
José L. Arias-Buría, Jan Dommerholt*

Introduction, 31

Fascia and Scar Dry Needling, 31

Introduction to Fascia, 31

Sensory Aspects of Fascia, 32

Biomechanical Aspects of Fascia, 32

Dry Needling of Fascia, 33

Dry Needling of Scar Tissue Adhesions, 34

Dry Needling and Tendon, 34

Clinical Reasoning for Tendon Needling, 34

Needling Therapies for Tendons, 35

Clinical Guidelines for Tendon Dry Needling, 35

Mechanisms of Dry Needling for the Tendon, 37

References, 37

4 Dry Needling for Neurological Conditions, 43

*Jaime Salom Moreno,
César Fernández-de-las-Peñas*

Introduction, 43

Spasticity and Muscle Tone, 43

Pain in Neurological Conditions, 44

Botulinum Toxin a for Spasticity and Related Pain, 44

Dry Needling for Neurological Conditions, 45

Clinical Reasoning for Dry Needling in Neurological Conditions, 46

Clinical Guidelines for Dry Needling in Spasticity, 47

Diagnostic Clinical Decision, 47

Dry Needling Procedure, 47

Mechanisms of Dry Needling on Neurological Conditions, 48

Clinical Considerations, 49
References, 50

5 Trigger Point Dry Needling: Safety Guidelines, 55

Johnson McEvoy

Safety Considerations, 55

Introduction, 55

Trigger Point Dry Needling: Safety, 55

Hygiene, 58

Gloves, 59

Patient Skin Preparation, 60

Needle and Medical Waste Disposal, 60

Needlestick Injury, 60

Contraindications and Precautions, 61

Absolute Contraindications, 61

Relative Contraindications, 61

Anatomical Considerations, 62

Procedural Safety Issues, 64

General Guidelines for Principles
of Practice, 65

Patient Selection, 66

Principles of Dry Needling Application, 67

Patient Education and Consent, 67

Procedural Education, 67

Practical Application, 67

Electrical Stimulation Via Dry
Needles, 69

Summary, 70

Acknowledgement, 70

References, 70

6 Dry Needling Across Different Disciplines, 73

Jan Dommerholt

Introduction: Scope of Practice, 73

Dry Needling by Multiple Disciplines, 73

Medicine, 74

Veterinary Medicine, 74

Dental Medicine, 74

*Physical Therapy/Chiropractic/
Myotherapy, 75*

Acupuncture, 75

Opposition to Dry Needling by
Nonacupuncturists, 75

Summary, 76

References, 76

PART 2

CLINICAL AND EVIDENCE-INFORMED APPROACH OF TrP DRY NEEDLING

7 Deep Dry Needling of the Head and Neck Muscles, 79

*César Fernández-de-las-Peñas, Ana Isabel-
de-la-Llave-Rincón, Ricardo Ortega-Santiago,
Bárbara Torres-Chica, Jan Dommerholt*

Introduction, 79

Clinical Presentation of Trigger Points in Head
and Neck Pain Syndromes, 80

*Trigger Points in Headache and Orofacial
Pain Populations, 80*

Trigger Points in Neck Pain Populations, 84

Dry Needling of Head Muscles, 86

Corrugator Supercilii Muscle, 86

Procerus Muscle, 86

Masseter Muscle, 87

Temporalis Muscle, 87

Zygomatic Muscle, 88

Buccinator and Risorius Muscles, 88

Superior Pharyngeal Constrictor Muscle, 89

Medial Pterygoid Muscle, 89

Digastric Muscle, 91

Dry Needling of Neck–Shoulder Muscles, 92

Trapezius Muscle: Upper Portion, 92

Levator Scapulae Muscle, 92

Sternocleidomastoid Muscle, 93

Splenius Capitis Muscle, 94

Splenius Cervicis Muscle, 95

*Semispinalis Capitis and Cervicis
Muscles, 95*

Cervical Multifidi Muscles, 96

Suboccipital Muscles, 96

Scalene Muscles, 96

Longus Colli Muscle, 98

References, 98

8 Deep Dry Needling of the Shoulder Muscles, 105

*Carel Bron, Jo L.M. Franssen, Betty T.M.
Beersma, Jan Dommerholt*

Introduction, 105

Clinical Relevance of Myofascial Trigger Points
in Shoulder Pain Syndromes, 105

*Shoulder Pain and Movement
Dysfunction, 106*

Trigger Points and Range of Motion Restrictions, 107

Trigger Points and Stability, 107

Dry Needling of the Shoulder Muscles, 107

Supraspinatus Muscle, 107

Infraspinatus Muscle, 107

Teres Minor Muscle, 108

Subscapularis Muscle, 108

Deltoid Muscle, 109

Teres Major Muscle, 110

Pectoralis Minor Muscle, 111

Pectoralis Major Muscle, 111

Subclavius Muscle, 113

References, 114

9 Deep Dry Needling of the Arm and Hand Muscles, 117

César Fernández-de-las-Peñas, Javier González Iglesias, Christian Gröbli, María Palacios-Ceña, Jose L. Arias-Buría

Introduction, 117

Clinical Relevance of Trigger Points in Arm and Hand Pain Syndromes, 117

Dry Needling of the Arm and Hand Muscles, 118

Coracobrachialis Muscle, 118

Biceps Brachii Muscle, 119

Triceps Brachii Muscle, 120

Anconeus Muscle, 120

Brachialis Muscle, 121

Brachioradialis Muscle, 121

Supinator Muscle, 122

Wrist and Finger Extensor Muscles, 122

Pronator Teres Muscle, 124

Wrist and Finger Flexor Muscles, 124

Extensor Pollicis Longus and Brevis and Abductor Pollicis Longus Muscles, 125

Extensor Indicis Muscle, 126

The Thenar Muscles, 127

Interosseous and Lumbrical Muscles, 127

The Hypothenar Muscles, 129

References, 130

10 Deep Dry Needling of the Trunk Muscles, 133

Michelle Finnegan, Jan Dommerholt, César Fernández-de-las-Peñas

Introduction, 133

Clinical Relevance of Trigger Points in Syndromes Related to the Trunk, 134

Dry Needling of the Trunk Muscles, 136

Rhomboid Major and Minor Muscles, 136

Serratus Posterior Superior Muscle, 137

Middle Trapezius Muscle, 138

Lower Trapezius Muscle, 139

Latissimus Dorsi Muscle, 140

Serratus Anterior Muscle, 142

Longissimus Thoracis Muscle, 143

Iliocostalis Thoracis and Lumborum Muscles, 144

Thoracic and Lumbar Multifidus Muscles, 145

Serratus Posterior Inferior Muscle, 146

Quadratus Lumborum Muscle, 146

Psoas Major Muscle, 147

Rectus Abdominus Muscle, 148

Pyramidalis Muscle, 149

External and Internal Oblique Abdominal Muscles, 150

References, 151

11 Deep Dry Needling of the Hip and Pelvic Muscles, 155

Blair H. Green, Jan Dommerholt

Introduction, 155

Clinical Relevance of Trigger Points in Syndromes Related to the Pelvis, 156

Clinical Relevance of Trigger Points in Syndromes Related to the Hip and Thigh, 157

Dry Needling of the Abdominal, Hip, Pelvis, and Thigh Muscles, 158

Hip Muscles, 158

Pelvic Diaphragm Muscles, 164

Thigh Muscles, 168

References, 174

12 Deep Dry Needling of the Leg and Foot Muscles, 179

Orlando Mayoral-del-Moral, María Torres-Lacomba, Jan Dommerholt

Introduction, 179

Clinical Relevance of Trigger Points in Leg and Foot Pain Syndromes, 179

Dry Needling of the Leg and Foot Muscles, 182

Popliteus Muscle, 182

Gastrocnemius Muscle, 182
