## PART I Assessment Techniques and Treatment Outcomes

---

<b>1</b>	<b>Postural Assessment of the Lower Limb</b>	<b>3</b>
	Anterior View	5
	Stance 5 ▪ Lateral Tilt of the Pelvis 6 ▪ Pelvic Rotation 8 ▪ Muscle Bulk and Tone 10 ▪ Genu Varum (Bow-Leggedness) 11 ▪ Genu Valgum (Knock Knees) 14 ▪ Patellar Position 16 ▪ Rotation of the Lower Limb 18 ▪ Tibial Torsion 19 ▪ Q Angle 23 ▪ Ankles 24 ▪ Foot Position 25 ▪ Other Observations 26	
	Posterior View	27
	Pelvic Rim 27 ▪ Posterior Superior Iliac Spines 29 ▪ Buttock Crease 30 ▪ Pelvic Rotation 32 ▪ Internal Rotation of the Hip 34 ▪ Muscle Bulk and Tone 37 ▪ Posterior Knee 38 ▪ Calf Midline 39 ▪ Achilles Tendon 41 ▪ Pes Valgus (Pronated Foot) 42 ▪ Pes Varus (Supinated Foot) 45 ▪ Foot Position 47 ▪ Other Observations 48	
	Lateral View	49
	Overall Lower Limb Posture 49 ▪ Anterior Pelvic Tilt 50 ▪ Posterior Pelvic Tilt 53 ▪ Genu Recurvatum (Knee Hyperextension) 55 ▪ Genu Flexum (Flexed Knee) 58 ▪ Ankle Position 60 ▪ Pes Cavus (High Arches) 61 ▪ Pes Planus (Flatfoot) 63 ▪ Other Observations 66	
	Quick Questions	66
<b>2</b>	<b>Measuring the Effectiveness of Your Treatment</b>	<b>67</b>
	Deciding on an Overall Treatment Aim	68
	Creating Specific Treatment Goals	68
	Determining the Most Appropriate Measure of Effectiveness	71
	Measuring Pain 71 ▪ Measuring Muscle Length 71 ▪ Measuring Joint Range of Motion 72 ▪ Measuring Function 72	
	Quick Questions	74

## PART II Hands-On Techniques for Common Muscular Problems

---

<b>3</b>	<b>Gluteal, Groin and Hip Flexor Muscles</b>	<b>77</b>
	Trigger Points in the Gluteal Muscles	78
	Trigger Point Release 78 ▪ Stretching 80 ▪ Soft Tissue Release 81	

Piriformis Syndrome	84
Massage 84	▪ Trigger Point Release 84
Stretching 84	▪ Strengthening 85
Sitting Habits 85	
Groin Strain	86
Acute Stage 86	▪ Sub-Acute Stage 86
Massage 86	
Stretching 87	▪ Strengthening 87
Tight Hip Adductors	88
Massage 88	▪ Stretching 88
Strengthening 90	
Tight Hip Flexors	91
Trigger Point Release 91	▪ Stretching 93
Strengthening 95	
Quick Questions	96

## **4** Hamstrings and Quadriceps **97**

Hamstring Strain	98
Acute Stage 98	▪ Sub-Acute Stage 98
Massage 98	
Active Stretches 99	▪ Passive Stretches 100
Strengthening 100	
Tight Hamstrings	101
Massage 101	▪ Trigger Point Release 101
Stretching 103	
Soft Tissue Release 104	
Hamstring Cramping	110
Stretching 110	▪ Massage 111
Tight Quadriceps	112
Massage 112	▪ Trigger Point Release 112
Stretching 114	
Soft Tissue Release 115	
Quick Questions	118

## **5** Knee, Calf and Shin **119**

Calf Muscle Strain	120
Massage 120	▪ Stretching 120
Strengthening 120	
Tight Calf Muscles	121
Massage 121	▪ Trigger Point Release 124
Stretching 125	
Soft Tissue Release 127	▪ Strengthening 132
Calf Cramping	133
Stretching 133	▪ Massage 134
Strengthening 134	
Shin Splints	135
Massage 135	▪ Soft Tissue Release 135
Stretching 136	
Strengthening 137	▪ Running Footwear and Gait 137
Tight Tibialis Anterior	138
Massage 138	▪ Trigger Point Release 138
Soft Tissue Release 139	
Strengthening 140	
Tight Peroneal (Fibular) Muscles	141
Soft Tissue Release 141	▪ Strengthening 142
Podiatry 142	
Osteoarthritis in the Knee	143
Trigger Point Release 143	▪ Massage 143
Stretching 143	
Strengthening 145	▪ Bracing and Walking Aids 145
After Knee Surgery	146
Massage 146	▪ Stretching 146
Soft Tissue Release 147	
Strengthening 147	
Iliotibial Band Friction Syndrome (Runner's Knee)	148
Massage 148	▪ Trigger Point Release 149
Stretching 150	
Soft Tissue Release 151	▪ Strengthening 152
Kinesio Taping 152	

Genu Recurvatum (Knee Hyperextension)	153
Education 153 ▪ Taping 153 ▪ Massage 154 ▪ Stretching 154	
Strengthening 155 ▪ Referral to a Specialist 155	
Genu Flexum (Flexed Knee)	157
Myofascial Release 157 ▪ Massage 157 ▪ Soft Tissue Release 158	
Stretching 159	
Genu Varum (Bow-Leggedness)	162
Taping 162 ▪ Massage 163 ▪ Trigger Point Release 163	
Stretching 164 ▪ Strengthening 166 ▪ Podiatry 166	
Genu Valgum (Knock Knees)	167
Education 167 ▪ Taping 167 ▪ Massage 168 ▪ Trigger Point	
Release 168 ▪ Myofascial Release and Soft Tissue Release 169	
Stretching 171 ▪ Podiatry 171	
Quick Questions	172

## **6** Foot and Ankle 173

Ankle Sprains	174
Education 174 ▪ Active Ankle Movement 174 ▪ Massage 176	
Strengthening 176 ▪ Braces 176	
Ankle Fracture	177
Active Ankle Movement 177 ▪ Stretching 177 ▪ Strengthening 177	
Active Controlled Motion 177	
Achilles Tendinopathy	178
Education 178 ▪ Massage 178 ▪ Trigger Point Release 178	
Stretching 178 ▪ Soft Tissue Release 179 ▪ Strengthening 179	
Referral to a Specialist 179	
Stiff Ankle	180
Massage 180 ▪ Stretching 180	
Plantar Fasciitis and Stiff Feet	183
Massage 183 ▪ Trigger Point Release 183 ▪ Stretching 183	
Specialist Referrals 184	
Pes Planus (Flatfoot)	185
Massage 185 ▪ Stretching 185 ▪ Strengthening 185	
Manual Therapist 185	
Pes Cavus (High Arches)	186
Massage 186 ▪ Stretching 186 ▪ Strengthening 186 ▪ Podiatry 186	
Pes Valgus (Pronated Foot)	187
Massage 187 ▪ Soft Tissue Release 187 ▪ Stretching 187	
Taping 188 ▪ Strengthening 188 ▪ Myofascial Release and Podiatry 188	
Pes Varus (Supinated Foot)	189
Massage 189 ▪ Stretching 189 ▪ Strengthening 190 ▪ Podiatry 190	
Quick Questions	190

---

## PART III Lower Limb Strengthening Exercises

Testing Lower Limb Strength	191
Strengthening Exercise Types	192
Regaining Function After an Injury	192
Non-Functional Exercises Versus Functional Exercises 192	
Balance Exercises 193	
Exercise Positions and Repetitions	193
Exercise Progression	194
Improving Exercise Plan Adherence	194

<b>7</b>	<b>Hips</b>	<b>197</b>
	Testing the Strength of the Hip Muscles	197
	Hip Extensors	198
	Identifying Weakness in the Hip Extensors 198	
	Hip Extensor Strengthening 199	
	Making Hip Extension More Functional 200	
	Hip Abductors	202
	Identifying Weakness in the Hip Abductors 202	
	Hip Abductor Strengthening 202	
	Making Hip Abduction More Functional 204	
	Hip Adductors	206
	Identifying Weakness in the Hip Adductors 206	
	Hip Adductor Strengthening 206	
	Making Hip Adduction More Functional 207	
	Hip Flexors	208
	Identifying Weakness in the Hip Flexors 208	
	Hip Flexor Strengthening 208	
	Making Hip Flexion More Functional 208	
	Quick Questions	210
<b>8</b>	<b>Knees</b>	<b>211</b>
	Testing Knee Strength	212
	Knee Flexors	213
	Identifying Weakness in the Knee Flexors 213	
	Knee Flexor Strengthening 214	
	Knee Extensors	216
	Identifying Weakness in the Knee Extensors 216	
	Knee Extensor Strengthening 217	
	Functional Knee Exercises	219
	Quick Questions	224
<b>9</b>	<b>Feet and Ankles</b>	<b>225</b>
	Testing Ankle Strength	226
	Plantar Flexors	227
	Plantar Flexor Muscle Strengthening 227	
	Dorsiflexors	230
	Dorsiflexor Muscle Strengthening 230	
	Evertors	232
	Evertor Muscle Strengthening 232	
	Invertors	233
	Invertor Muscle Strengthening 233	
	Balance Exercises	234
	Functional Exercises to Strengthen the Ankle and Improve Balance	236
	Exercises to Strengthen the Feet and Toes	238
	Quick Questions	239
	Appendix 240	
	Answers to Quick Questions 250	
	References 254
