<b>PART 1 Introduction to temporomandibular disorders</b>		<b>1</b>
CHAPTER 1	<b>Definition, epidemiology and etiology of painful temporomandibular disorders</b> Sonia Sharma, Richard Ohrbach	<b>3</b>
CHAPTER 2	<b>Classification of temporomandibular disorders</b> Ambra Michelotti, Peter Svensson	<b>27</b>
CHAPTER 3	<b>Trigeminal nociceptive processing</b> Brian E. Cairns	<b>43</b>
CHAPTER 4	<b>Pathophysiology of temporomandibular pain</b> Abhishek Kumar, Fernando G. Exposto, Hau-Jun You, Peter Svensson	<b>53</b>
CHAPTER 5	<b>Musculoskeletal referred pain to the craniofacial region</b> Thomas Graven-Nielsen, César Fernández-de-las-Peñas, Megan McPhee, Lars Arendt-Nielsen	<b>67</b>
CHAPTER 6	<b>Quantitative sensory testing in temporomandibular disorders</b> César Fernández-de-las-Peñas, Peter Svensson, Lars Arendt-Nielsen	<b>79</b>
<b>PART 2 Examining for temporomandibular disorders</b>		<b>91</b>
CHAPTER 7	<b>Clinical history in temporomandibular disorders and orofacial pain</b> Gary M. Heir, José L. de-la-Hoz	<b>93</b>
CHAPTER 8	<b>Clinical examination of the temporomandibular joint and masticatory muscles</b> Mariano Rocabado, César Fernández-de-las-Peñas	<b>109</b>
CHAPTER 9	<b>Clinical examination of the cervical and thoracic spine in patients with temporomandibular disorders</b> Michael C. O'Hara, Joe Girard, Bill Egan, Joshua A. Cleland	<b>121</b>

	<b>PART 3 Manual therapy for temporomandibular disorders</b>	137
CHAPTER 10	<b>Effectiveness of manual therapy and therapeutic exercises for temporomandibular disorders: an evidence-based approach</b> Susan Armijo-Olivo, Elisa Bizetti Pelai, Ambra Michelotti, Laurent Pitance, Cristina Lozano-López, Blanca Codina García-Andrade	139
CHAPTER 11	<b>Joint mobilization and manipulation interventions for the cervical spine and temporomandibular joint</b> César Fernández-de-las-Peñas, Juan Mesa-Jiménez, Joshua A. Cleland	157
CHAPTER 12	<b>Manual therapy for myofascial trigger points in temporomandibular disorders</b> César Fernández-de-las-Peñas, María Palacios-Ceña	169
CHAPTER 13	<b>Myofascial induction approaches in temporomandibular disorders</b> Andrzej Pilat, Eduardo Castro-Martín	179
CHAPTER 14	<b>Clinical classification of cranial neuropathies</b> Harry von Piekartz, Toby Hall	205
CHAPTER 15	<b>Therapeutic exercise, postural training and motor control in temporomandibular disorders</b> Susan Armijo-Olivo, Cristina Lozano-López, Elisa Bizetti Pelai, Laurent Pitance, Ambra Michelotti, Blanca Codina García-Andrade	221
	<b>PART 4 Other interventions for temporomandibular disorders</b>	241
CHAPTER 16	<b>Dry needling for myofascial trigger points in temporomandibular disorders</b> César Fernández-de-las-Peñas, Juan Mesa-Jiménez	243
CHAPTER 17	<b>Acupuncture in temporomandibular disorders</b> Tom Mark Thayer, Mike Cummings	255
CHAPTER 18	<b>Treating the brain in temporomandibular disorders</b> Harry von Piekartz, Emilio (Louie) Puentedura, Adriaan Louw	271
CHAPTER 19	<b>Pain psychology, behavior, and the body</b> Richard Ohrbach, César Fernández-de-las-Peñas	291
