PREFACE.....	1
1. The Vertebral Subluxation Complex and the Chiropractic Profession.....	3
2. Models of the Vertebral Subluxation Complex	9
3. Components of the Vertebral Subluxation Complex	15
4. Homeostasis	23
5. The Receptor.....	28
6. Neuron Fiber Types and Spinal Nerves	53
7. Anatomy of the Vertebral Subluxation Complex	72
8. Local Tissue Consequences.....	87
9. The Spinal Cord.....	105
10. Tracts of the Spinal Cord.....	112
11. The Afferent Tracts	114
<i>i. The Dorsal Column and the Medial Lemniscus</i>	<i>114</i>
<i>ii. The Spinothalamic Tract.....</i>	<i>117</i>
<i>iii. The Posterior Spinocerebellar Tract.....</i>	<i>121</i>
<i>iv. The Anterior Spinocerebellar Tract</i>	<i>123</i>
12. Proprioceptive Input to the Central Nervous System.....	126
13. Pain and Nociception	143
14. The Autonomic Nervous System	171
15. The Reticular Formation	178
16. The Vertebral Subluxation Complex and Sleep	183
17. The Efferent Tracts.....	191
<i>i. Pyramidal vs. Extrapyramidal</i>	<i>191</i>
<i>ii. The Lateral Corticospinal Tract</i>	<i>194</i>
<i>iii. The Vestibulospinal Tracts.....</i>	<i>196</i>
<i>iv. The Reticulospinal Tracts.....</i>	<i>200</i>
<i>v. The Rubrospinal Tract.....</i>	<i>204</i>
18. Spinal Reflexes	205
19. The Motor System	222

20. Sensory and Motor Integration	250
21. The Neurology of the Wellness Paradigm	254
22. Neurodegeneration	264
23. The Vertebral Subluxation Complex and the Immune System	271
GLOSSARY	283
CHAPTER NOTES	287
BIBLIOGRAPHY	291
