

CONTENTS

SECTION I INTRODUCTION

- 1 MEASUREMENT of RANGE of MOTION and MUSCLE LENGTH: BACKGROUND, HISTORY, and BASIC PRINCIPLES, 3
- 2 MEASUREMENT of RANGE of MOTION and MUSCLE LENGTH: CLINICAL RELEVANCE, 31

SECTION II UPPER EXTREMITY

- 3 MEASUREMENT of RANGE of MOTION of the SHOULDER, 51
- 4 MEASUREMENT of RANGE of MOTION of the ELBOW and FOREARM, 89
- 5 MEASUREMENT of RANGE of MOTION of the WRIST and HAND, 113
- 6 MUSCLE LENGTH TESTING of the UPPER EXTREMITY, 155
- 7 RELIABILITY and VALIDITY of MEASUREMENTS of RANGE of MOTION and MUSCLE LENGTH TESTING of the UPPER EXTREMITY, 183

SECTION III HEAD, NECK, AND TRUNK

- 8 MEASUREMENT of RANGE of MOTION of the THORACIC and LUMBAR SPINE, 235

- 9 MEASUREMENT of RANGE of MOTION of the CERVICAL SPINE and TEMPOROMANDIBULAR JOINT, 295
- 10 RELIABILITY and VALIDITY of MEASUREMENT of RANGE of MOTION of the SPINE and TEMPOROMANDIBULAR JOINT, 347

SECTION IV LOWER EXTREMITY

- 11 MEASUREMENT of RANGE of MOTION of the HIP, 381
- 12 MEASUREMENT of RANGE of MOTION of the KNEE, 423
- 13 MEASUREMENT of RANGE of MOTION of the ANKLE and FOOT, 437
- 14 MUSCLE LENGTH TESTING of the LOWER EXTREMITY, 473
- 15 RELIABILITY and VALIDITY of MEASUREMENTS of RANGE of MOTION and MUSCLE LENGTH TESTING of the LOWER EXTREMITY, 509
- 16 PEDIATRIC RANGE of MOTION, 557

APPENDICES

- A SAMPLE DATA RECORDING FORMS, 603
- B NORMATIVE RANGE of MOTION of the EXTREMITIES and SPINE in ADULTS, 609

INDEX, 631

VIDEO CONTENTS

To access the videos, visit Elsevier eBooks+ (eBooks.Health.Elsevier.com).

Chapter 3: Measurement of Range of Motion of the Shoulder

- Video 3.1** Shoulder Flexion Range of Motion
- Video 3.2** Shoulder Extension Range of Motion
- Video 3.3** Shoulder Abduction Range of Motion
- Video 3.4** Shoulder Adduction Range of Motion
- Video 3.5** Shoulder Horizontal Abduction Range of Motion
- Video 3.6** Shoulder Horizontal Adduction Range of Motion
- Video 3.7** Shoulder Lateral Rotation Range of Motion: Goniometer Technique
- Video 3.8** Shoulder Medial Rotation Range of Motion: Goniometer Technique
- Video 3.9** Shoulder Lateral Rotation Range of Motion: Inclinator Technique
- Video 3.10** Shoulder Medial Rotation Range of Motion: Inclinator Technique

Chapter 4: Measurement of Range of Motion of the Elbow and Forearm

- Video 4.1** Elbow Flexion Range of Motion
- Video 4.2** Elbow Extension Range of Motion
- Video 4.3** Forearm Supination Range of Motion: Goniometer Technique
- Video 4.4** Forearm Pronation Range of Motion: Goniometer Technique
- Video 4.5** Forearm Supination Range of Motion: Inclinator Technique
- Video 4.6** Forearm Pronation Range of Motion: Inclinator Technique

Chapter 5: Measurement of Range of Motion of the Wrist and Hand

- Video 5.1** Wrist Flexion Range of Motion: Dorsal Alignment
- Video 5.2** Wrist Flexion Range of Motion: Lateral Alignment

- Video 5.3** Wrist Extension Range of Motion: Volar Alignment
- Video 5.4** Wrist Extension Range of Motion: Lateral Alignment
- Video 5.5** Wrist Adduction Range of Motion: Ulnar Deviation
- Video 5.6** Wrist Abduction Range of Motion: Radial Deviation
- Video 5.7** Metacarpophalangeal (MCP) Abduction Range of Motion
- Video 5.8** Metacarpophalangeal (MCP) Flexion Range of Motion
- Video 5.9** Metacarpophalangeal (MCP) Extension Range of Motion
- Video 5.10** Carpometacarpal (First CMC) Abduction Range of Motion
- Video 5.11** Carpometacarpal (First CMC) Flexion Range of Motion
- Video 5.12** Carpometacarpal (First CMC) Extension Range of Motion
- Video 5.13** Carpometacarpal (First CMC) Opposition Range of Motion
- Video 5.14** Metacarpophalangeal (MCP) Flexion Range of Motion of the Thumb
- Video 5.15** Metacarpophalangeal (MCP) Extension Range of Motion of the Thumb

Chapter 6: Muscle Length Testing of the Upper Extremity

- Video 6.1** Latissimus Dorsi Muscle Length: Goniometer Technique
- Video 6.2** Latissimus Dorsi Muscle Length: Tape Measure Technique
- Video 6.3** Pectoralis Major Muscle Length: General
- Video 6.4** Pectoralis Major Muscle Length: Sternal (Lower) Portion: Goniometer Technique
- Video 6.5** Pectoralis Major Muscle Length: Sternal (Lower) Portion: Tape Measure Technique
- Video 6.6** Pectoralis Major Muscle Length: Clavicular (Upper) Portion: Goniometer Technique

- Video 6.7** Pectoralis Major Muscle Length: Clavicular (Upper) Portion: Tape Measure Technique
- Video 6.8** Pectoralis Minor Muscle Length
- Video 6.9** Triceps Muscle Length
- Video 6.10** Biceps Muscle Length
- Video 6.11** Wrist Flexor Muscle Length (Flexor Digitorum Superficialis, Flexor Digitorum Profundus, and Flexor Digiti Minimi Muscles)
- Video 6.12** Wrist Extensor Muscle Length (Extensor Digitorum, Extensor Indicis, and Extensor Digiti Minimi Muscles)
- Video 6.13** Lumbrical Muscles: Palmar and Dorsal Interossei Muscle Length

Chapter 8: Measurement of Range of Motion of the Thoracic and Lumbar Spine

- Video 8.1** Flexion Range of Motion-Lumbar Spine: Tape Measure Technique
- Video 8.2** Flexion Range of Motion-Thoracolumbar Spine: Tape Measure Technique
- Video 8.3** Flexion Range of Motion-Lumbar Spine: Goniometer Technique
- Video 8.4** Flexion Range of Motion-Lumbar Spine: Inclinator Technique
- Video 8.5** Flexion Range of Motion-Lumbar Spine: BROM Technique
- Video 8.6** Extension Range of Motion-Lumbar Spine: Tape Measure Technique-Prone
- Video 8.7** Extension Range of Motion-Lumbar Spine: Tape Measure Technique
- Video 8.8** Extension Range of Motion-Lumbar Spine: Goniometer Technique
- Video 8.9** Extension Range of Motion-Lumbar Spine: Inclinator Technique
- Video 8.10** Extension Range of Motion-Lumbar Spine: BROM Technique
- Video 8.11** Lateral Flexion Range of Motion-Thoracolumbar Spine: Tape Measure Technique
- Video 8.12** Lateral Flexion-Thoracolumbar Spine Range of Motion: Tape Measure Technique—Alternative
- Video 8.13** Lateral Flexion Range of Motion-Lumbar Spine: Goniometer Technique
- Video 8.14** Lateral Flexion Range of Motion-Lumbar Spine: Inclinator Technique
- Video 8.15** Rotation Range of Motion: Thoracolumbar Spine Range of Motion: Tape Measure Technique

- Video 8.16** Rotation Range of Motion-Thoracic Spine: Inclinator Technique
- Video 8.17** Rotation Range of Motion-Lumbar Spine: BROM Technique

Chapter 9: Measurement of Range of Motion of the Cervical Spine and Temporomandibular Joint

- Video 9.1** Flexion Range of Motion-Cervical Spine: Tape Measure Technique
- Video 9.2** Flexion Range of Motion-Cervical Spine: Goniometer Technique
- Video 9.3** Flexion Range of Motion-Cervical Spine: Inclinator Technique
- Video 9.4** Flexion Range of Motion-Cervical Spine: CROM Technique
- Video 9.5** Extension Range of Motion-Cervical Spine: Tape Measure Technique
- Video 9.6** Extension Range of Motion-Cervical Spine: Goniometer Technique
- Video 9.7** Extension Range of Motion-Cervical Spine: Inclinator Technique
- Video 9.8** Extension Range of Motion-Cervical Spine: CROM Technique
- Video 9.9** Lateral Flexion Range of Motion-Cervical Spine: Tape Measure Technique
- Video 9.10** Lateral Flexion Range of Motion-Cervical Spine: Goniometer Technique
- Video 9.11** Lateral Flexion Range of Motion-Cervical Spine: Inclinator Technique
- Video 9.12** Lateral Flexion Range of Motion-Cervical Spine: CROM Technique
- Video 9.13** Rotation Range of Motion-Cervical Spine: Tape Measure Technique
- Video 9.14** Rotation Range of Motion-Cervical Spine: Goniometer Technique
- Video 9.15** Rotation Range of Motion-Cervical Spine: Inclinator Technique
- Video 9.16** Rotation Range of Motion-Cervical Spine: CROM Technique
- Video 9.17** Mandibular Depression (Opening): Temporomandibular Joint: Ruler Technique
- Video 9.18** Mandibular Depression (Opening): Temporomandibular Joint: TheraBite Range of Motion Scale
- Video 9.19** Protrusion Range of Motion: Temporomandibular Joint
- Video 9.20** Lateral Deviation Range of Motion (Excursion): Temporomandibular Joint

Chapter 11: Measurement of Range of Motion of the Hip

- Video 11.1** Hip Flexion Range of Motion
- Video 11.2** Hip Extension Range of Motion
- Video 11.3** Hip Abduction Range of Motion
- Video 11.4** Hip Adduction Range of Motion
- Video 11.5** Hip Lateral Rotation Range of Motion-Hip Flexed: Goniometer Technique
- Video 11.6** Hip Medial Rotation Range of Motion-Hip Flexed: Goniometer Technique
- Video 11.7** Hip Lateral Rotation Range of Motion-Hip Flexed: Inclinator Technique
- Video 11.8** Hip Medial Rotation Range of Motion-Hip Flexed: Inclinator Technique
- Video 11.9** Hip Lateral Rotation Range of Motion-Hip Extended: Goniometer Technique
- Video 11.10** Hip Medial Rotation Range of Motion-Hip Extended: Goniometer Technique
- Video 11.11** Hip Lateral Rotation Range of Motion-Hip Extended: Inclinator Technique
- Video 11.12** Hip Medial Rotation Range of Motion-Hip Extended: Inclinator Technique

Chapter 12: Measurement of Range of Motion of the Knee

- Video 12.1** Knee Extension Range of Motion
- Video 12.2** Knee Flexion Range of Motion

Chapter 13: Measurement of Range of Motion of the Ankle and Foot

- Video 13.1** Ankle Plantarflexion
- Video 13.2** Ankle Dorsiflexion
- Video 13.3** Ankle/Foot Inversion
- Video 13.4** Ankle/Foot Eversion
- Video 13.5** First Metatarsophalangeal (MTP) Joint Flexion (Plantarflexion)

- Video 13.6** First Metatarsophalangeal (MTP) Joint Extension (Dorsiflexion)
- Video 13.7** First Metatarsophalangeal (MTP) Joint Abduction
- Video 13.8** First Metatarsophalangeal (MTP) Joint Adduction
- Video 13.9** Metatarsophalangeal (MTP) or Interphalangeal (PIP, DIP, IP) Flexion
- Video 13.10** Metatarsophalangeal (MTP) or Interphalangeal (PIP, DIP, IP) Extension

Chapter 14: Muscle Length Testing of the Lower Extremity

- Video 14.1** Iliopsoas Muscle Length: Thomas Test
- Video 14.2** Iliopsoas Muscle Length: Prone Hip Extension Test
- Video 14.3** Rectus Femoris Muscle Length: Thomas Test
- Video 14.4** Rectus Femoris Muscle Length: Prone Technique
- Video 14.5** Hamstring Muscle Length: Straight Leg Raise Test
- Video 14.6** Hamstring Muscle Length: Knee Extension Test
- Video 14.7** Iliotibial Band and Tensor Fasciae Latae Muscle Length: Ober Test-Inclinometer Technique
- Video 14.8** Iliotibial Band and Tensor Fasciae Latae Muscle Length: Modified Ober Test-Inclinometer Technique
- Video 14.9** Iliotibial Band and Tensor Fasciae Latae Muscle Length: Prone Technique
- Video 14.10** Gastrocnemius Muscle Length Test
- Video 14.11** Soleus Muscle Length Test: Supine
- Video 14.12** Soleus Muscle Length Test: Prone
