

CONTENTS

SECTION I Topics in Childhood Language Disorders

1 Models of Child Language Disorders 2

Diagnostic Issues in Developmental Language Disorders, 2

A Brief History of the Field of Language Pathology, 3

Terminology, 5

Speech, Language, and Communication, 5

What's in a Name? 5

Aspects and Modalities of Language Disorder, 6

Form, 6

Content, 7

Use, 8

Diagnostic Issues, 8

Developmental Language Disorder Relative to What? 8

Are There Subtypes of Developmental Language Disorder? 9

How Low Can You Go? 10

What Is the Impact of Language Disorders on Daily Living? 10

The Bottom Line, 12

Etiology of Developmental Language Disorder, 12

Genetic Factors in Developmental Language Disorder, 13

Neurobiological Factors in Developmental Language Disorder, 14

Language in the Brain, 14

Brain Structure and Function, 16

Environmental Factors, 19

Cognitive Models of Developmental Language Disorder, 20

Auditory Processing, 20

Limited Processing Capacity, 20

Procedural Deficits, 21

Comorbidity in Developmental Language

Disorder, 22

Conclusion, 22

2 Evaluation and Assessment 25

General Principles of Assessment for Suspected Developmental Language Disorder, 25

Assessing Communicative Functioning, 25

Multidisciplinary Assessment, 26

Beginning the Assessment Process: Referral, Case Review, and Observation, 27

Collect Referral Information, 27

Case History, 27

Low Structure Observations, 28

Language or Communication Sample, 28

Mapping the Assessment Plan: Why and What to Assess, 29

The Formal Assessment Plan, 29

Integrating Information from Diverse Sources, 29

Considerations in Assessment Planning, 29

Why Assess? 30

Screening, 30

Establishing Baseline Function, 31

Establishing Goals for Intervention, 32

Measuring Change in Intervention, 33

What to Assess, 34

Domains of Language: Form, Content, and Use, 34

Modalities of Language: Comprehension and Production, 35

Assessing Collateral Areas, 35

Nonverbal Cognition, 42

Social Functioning, 43

Choosing Measures: How will we Assess? 45

Standardized Tests, 45

Interviews and Questionnaires, 51

Developmental Scales, 51

Criterion-Referenced Procedures, 51

Comprehension, 52

Production, 53

Integrating Approaches, 55

Behavioral Observations, 55

Dynamic Assessment, 56

Functional Assessment, 57

Curriculum-Based Assessment, 57

Formative versus Summative Assessment, 58

Integrating and Interpreting Assessment Data, 58

Severity Statement, 58

Prognostic Statement, 58

Recommendations, 59

Putting It All Together: The Clinical Report and Conference, 59

The Clinical Report, 59

The Clinical Conference, 60

Conclusions, 60

3 Principles of Intervention 63

The Purpose of Intervention, 63

Developing Intervention Plans, 64

Evidence-Based Practice, 64

Products of Intervention: Setting Goals, 67

Choosing Evidence-Based Targets, 68

Processing versus Content Interventions, 68

Complexity, 69

Processes of Intervention, 70

Intervention Approaches, 70

Using the Continuum of Naturalness, 80

Intervention Activities, 83

- The Context of Intervention, 90*
 - Choosing the Nonlinguistic Stimuli, 90*
 - Service Delivery Models, 91*
- Evaluating Intervention Outcomes, 93**
 - Termination Criteria, 94*
 - Evaluating the Effectiveness of Intervention, 94*
 - Determining Responsiveness to Intervention, 96*
- Prevention of Language Disorders in Children, 98**
 - Primary Prevention and the Speech-Language Pathologist, 99*
 - The Speech-Language Pathologist's Role in Secondary and Tertiary Prevention, 100*
- Conclusions, 101**
- 4 Special Considerations for Special Populations 102**
 - Intellectual Disability, 103**
 - Definition and Classification, 103*
 - Cognitive Characteristics, 104*
 - Language Characteristics, 105*
 - Summary, 105*
 - Developmental Language Disorder Associated with Disorders of Known Genetic Origin, 106**
 - Down Syndrome, 106*
 - Cognitive Characteristics, 106*
 - Language Characteristics, 107*
 - Implications for Clinical Practice, 108*
 - Williams Syndrome, 109*
 - Definition and Classification, 109*
 - Cognitive Characteristics, 109*
 - Language Characteristics, 109*
 - Implications for Clinical Practice, 110*
 - Fragile X Syndrome, 111*
 - Definition and Classification, 111*
 - Cognitive Characteristics, 112*
 - Language Characteristics, 112*
 - Implications for Clinical Practice, 113*
 - Language Disorders Associated with Sensory Impairments, 113**
 - Visual Impairment, 113*
 - Hearing Impairment, 114*
 - Sensorineural Hearing Loss, 115*
 - Cognitive Characteristics, 115*
 - Language Characteristics, 115*
 - Implications for Clinical Practice, 117*
 - Otitis Media, 118*
 - Auditory Processing Disorder, 118*
 - Deaf-Blind, 119*
 - Developmental Language Disorder Associated with Acquired Neurological Disorder, 120**
 - Traumatic Brain Injury, 120*
 - Cognitive Characteristics, 120*
 - Language Characteristics, 120*
 - Implications for Clinical Practice, 121*
 - Focal Brain Lesions, 123*
 - Seizure Disorders (Landau-Kleffner Syndrome), 125*
 - Developmental Language Disorder Associated with Other Neurodevelopmental Disorders, 125**
 - Autism Spectrum Disorders, 125*
 - Early Communication, 127*
 - Cognitive Characteristics, 127*
 - Language Characteristics, 128*
 - Implications for Clinical Practice, 130*
 - Conditions Associated with Autism Spectrum Disorder, 130*
 - Attention Deficit Hyperactivity Disorder, 131*
 - Cognition, 131*
 - Language, 132*
 - Implications for Clinical Practice, 134*
 - Selective Mutism, 134*
 - Associated with Extreme Environmental Disadvantage, 135**
 - Abuse/Neglect, 136*
 - Fetal Alcohol Spectrum Disorder, 137*
 - Clinical Implications, 138*
 - The Nonspeaking Child, 138**
 - Severe Speech-Motor Disorders, 138*
 - Childhood Apraxia of Speech, 140*
 - The Nonverbal Child with Autism Spectrum Disorder, 143*
 - Augmentative and Alternative Forms of Communication in Autism Spectrum Disorder, 144*
 - Conclusion, 144**
 - 5 Developmental Language Disorders in a Pluralistic Society 148**
 - Introduction, 148**
 - The Culturally Competent Clinician, 149**
 - What Is Culture? 149*
 - Language Difference or Language Disorder, 150*
 - Assessment of Different English Language Dialects, 151*
 - Bilingualism, 151**
 - Educational Experiences of English Language Learners, 152*
 - Working with Families, 153**
 - Obtaining Interview Data, 154*
 - Assessing Culturally and Linguistically Different Children, 155**
 - Establishing Language Dominance, 156*
 - Assessment in L1, 157*
 - Using Standardized Tests with Culturally and Linguistically Different Children, 157*
 - Using English Language Assessments: Patterns of Performance in Emerging Bilinguals with and without Developmental Language Disorder, 157*
 - Use of Processing-Dependent Measures on Emerging Bilinguals with Expected Language Disorder, 160*
 - Use of Dynamic Assessment on Emerging Bilinguals with Suspected Language Disorder, 160*
 - Adapting English Language Tests, 161*

Criterion-Referenced Assessment of Culturally and Linguistically Different Children, 162
Using Behavioral Observation with the Culturally and Linguistically Different Child, 163

Summary, 163

Language Intervention with the Culturally and Linguistically Different Child, 164

The Monolingual Speech-Language Pathologist and the Client Dominant in a Different Language or Dialect, 164

In-Service Training of Other Professionals, 165

Consultation, 166

Training Paraprofessionals to Deliver Services in the First Language, 167

The Worst-Case Scenario, 168

The Speech-Language Pathologist and Normally Developing Children with Limited Proficiency in Standard English, 168

Multicultural Teaching Techniques, 170

Conclusions, 174

SECTION II From Birth to Brown's Stage V

6 Assessment and Intervention in the Prelinguistic Period 181

Family-Centered Practice, 181

Service Plans for Prelinguistic Clients, 182

Risk Factors for Communication Disorders in Infants, 183

Prenatal Factors, 183

Prematurity and Low Birth Weight, 183

Genetic and Congenital Disorders, 184

Other Risks Identified after the Newborn Period, 184

Assessment and Intervention for High-Risk Infants and Their Families in the Newborn Intensive Care Nursery, 185

Feeding and Oral Motor Development, 185

Assessment, 185

Management, 186

Hearing Conservation and Aural Habilitation, Child Behavior and Development, 189

Assessment, 189

Management, 189

Parent-Child Communication, 190

Assessment, 190

Management, 191

Assessment and Intervention for Preintentional Infants and their Families: 1 to 8 Months Old, 192

Feeding and Oral-Motor Development, 193

Feeding Assessment, 193

Vocal Assessment, 194

Managing Feeding, 196

Managing Vocal Development, 197

Hearing Conservation and Aural Habilitation, Child Behavior and Development, 197

Assessment, 197

Management, 199

Parent-Child Communication, 200

Assessment, 200

Management, 200

Assessment and Intervention for Infants at Prelinguistic Stages of Communication: 9 to 18 Months Old, 203

Assessment, 203

Management, 204

Considerations for Older Prelinguistic Clients and Those with Autism Spectrum Disorders, 207

Feeding and Oral-Motor Development in Older Prelinguistic Clients, 207

Hearing Conservation and Aural Habilitation, Child Behavior and Development, 209

Intentionality and Communication, 210

Infants and Toddlers with Autism Spectrum Disorders, 212

Conclusions, 214

7 Assessment and Intervention for Emerging Language 232

Issues in Early Assessment and Intervention, 233

Screening and Eligibility for Services, 233

Transition Planning, 235

Family-Centered Practice, 235

Communicative Skills in Normally Speaking Toddlers, 236

Assessment of Communicative Skills in Children with Emerging Language, 237

Play and Gesture Assessment, 237

Communication Assessment, 240

Assessing Communicative Intention, 242

Range of Communicative Functions, 243

Frequency of Expression of Intentions, 244

Forms of Communication, 244

Using a Communication Intention Worksheet, 244

Assessing Comprehension, 246

Assessing Productive Language, 249

Assessing Speech-Motor Development, 249

Collecting a Speech Sample, 250

Assessing Phonological Skills, 250

Assessing Semantic/Syntactic Production, 253

Assessing Lexical Production, 253

Relative Frequency of Word Combinations, 253

Semantic Relations Expressed, 254

Decision-Making Based on Assessment Information, 255

From Assessment to Intervention, 257

Family-Centered Practice, 257

Products, Procedures, and Contexts of Intervention for Children with Emerging Language, 258

Intervention Products: Goals for Emerging Language, 258

Developing Play and Gesture, 258

- Expressing Intentional Communicative Acts*, 259
Developing Receptive Language, 262
Developing Sounds, Words, and Word Combinations, 263
- Toddlers with Autism Spectrum Disorder, 269**
Assessment Considerations for Toddlers with Autism Spectrum Disorder, 269
Screening, 269
Intervention for Toddlers with Autism Spectrum Disorder, 270
Receptive Language, 271
Expressive Language, 271
Working with Echolalia, 272
- Considerations for Older Clients in the Emerging Language Stage, 273**
Assessments for Older Clients with Emerging Language, 273
Symbolic Skills, 274
Intentional Communication, 275
Comprehension, 277
Phonological and Lexical Production, 277
Intervention Targets and Procedures for Older Clients with Emerging Language, 278
Relating Symbols to Referents, 278
Intentional Communication, 279
Comprehension, 279
Production, 280
Emergent Literacy, 282
- Conclusions, 283**
- 8 Assessment of Developing Language, 289**
Family-Centered Assessment, 290
Assessing Collateral Areas, 292
Screening for Language Disorders in the Period of Developing Language, 292
Using Standardized Tests in Assessing Developing Language, 294
Criterion-Referenced Assessment and Behavioral Observation for Children with Developing Language, 296
Assessing Speech Sound Production, 297
Independent Analysis: Phonetic Inventory, 298
Relational Analysis: Errors and Error Patterns, 299
Assessing Phonological Processing: Preventing Reading Failure, 300
Criterion-Referenced Language Assessment, 301
Vocabulary, 301
Syntax and Morphology, 303
Pragmatic Assessment, 323
- Considerations for the Older Clients with Severe Disabilities and those with Autism Spectrum Disorder at the Developing Language Stage, 329**
Older Students with Severe Disabilities Who Function at the Developing Language Level, 329
Assessing Augmentative and Alternative Forms of Communication Needs and Opportunities, 330
Age-Appropriate Materials and Activities, 330
Children with Autism Spectrum Disorder, 333
Conclusions, 335
- 9 Intervention for Developing Language, 351**
Intervention Policy Issues at the Developing Language Level, 352
Individualized Educational Programs, 352
Intervention Settings, 352
Family-Centered Practice, 352
Intervention for Developing Language: Products, Processes, and Contexts, 353
Intervention Products: Goals for Children with Developing Language, 353
Phonology, 353
Semantics, 355
Syntax and Morphology, 357
Comprehension versus Production Targets, 359
Pragmatics, 360
Play and Thinking, 360
Preliteracy, 361
Intervention Procedures for Children with Developing Language, 363
Clinician-Directed Methods, 363
Child-Centered Approaches to Intervention for the Child with Developing Language, 367
Hybrid Approaches to Intervention for the Child with Developing Language, 370
Intervention Contexts for Children with Developing Language, 382
Agents of Intervention for Children with Developing Language, 382
Service Delivery Models for Children with Developing Language, 384
Intervention for Older Clients with Severe Impairment and Autism Spectrum Disorder at the Developing Language Level, 390
Students with Severe Disabilities, 390
Preschoolers with Autism Spectrum Disorder, 393
Echolalia, 393
Developing Language in Children with Autism Spectrum Disorder, 393
Improving Communication for Children with Autism Spectrum Disorder, 394
Conclusions, 397
- SECTION III Working with Language Learning Disabilities**
- 10 Language, Reading, and Learning in School: What the Speech-Language Pathologist Needs to Know, 410**
School-Based Practice in Speech-Language Pathology, 411
Laws Applying to School-Based Services, 411

- Current Influences on Curricular Design and Implementation, 413**
The Speech-Language Pathologist and the Common Core State Standards, 413
The Speech-Language Pathologist and Universal Design for Learning, 414
Delivering Services within the Curriculum, 414
- Individualized Education Programs, 414**
Prevention, Identification and Referral under Responsiveness to Intervention, 414
- Determining Eligibility, 415**
- Writing Individualized Educational Programs, 416**
Documenting Present Level of Educational Performance, 417
Annual Goals, 417
Short-Term Objectives and Benchmarks, 417
Specifying Services, Modifications, and Accommodations, 417
Evaluation, 418
- Inclusion, 418**
- Students with Language Learning Disabilities, 418**
Definitions and Characteristics, 418
Language-Learning Disorders, 419
Language-Learning Difficulty and Response to Intervention, 420
- Communicative Characteristics in Language-Learning Disability, 420**
Phonological Characteristics, 420
Syntactic Characteristics, 421
Semantic Characteristics, 422
Pragmatic Characteristics, 422
- Background Knowledge, 426**
- Attention and Activity, 426**
- Summary, 427**
- Language, Learning, and Reading: What's the Connection? 427**
The Role of Oral Language in Classroom Discourse, 427
Academic Talk and the Hidden Curriculum, 427
Decontextualized Language, 428
Classrooms and Culture Clash, 429
Metalinguistic Skills, 429
Metacognitive Skills and Self-Regulation, 429
- The Role of Oral Language in the Acquisition of Literacy, 430**
Emergent Literacy, 430
Oral Language Foundations for Reading Comprehension, 431
Metalinguistic Awareness, 432
Discontinuities between Oral and Written Language, 433
Biological Bases for Oral Language, 433
Writing Systems, 434
The Key to Reading in an Alphabetic Cipher, 434
What Does It Take to Learn to Read? 435
- The Role of the School Speech-Language Pathologist in Literacy Development, 437**
Speech-Language Pathologists' Role in Emergent Literacy and Decoding, 437
Speech-Language Pathologists' Role in Later Literacy Development, 438
- Conclusions, 439**
- 11 Assessing Students' Language for Learning, 440**
Child and Family in the Assessment Process, 441
Identifying Students for Communication Assessment, 441
Screening, 441
Responsiveness to Intervention, Referral, and Case Finding, 442
Monitoring Progress in Responsiveness to Intervention, 443
- Evaluation for Special Educational Needs, 446**
Eligibility for Services, 446
Using Standardized Tests in the Language for Learning Stage, 446
- Criterion-Referenced Assessment and Behavioral Observation in the Language for Learning Stage, 448**
Phonology, 448
Semantics, 449
Receptive Vocabulary, 449
Instructional Vocabulary, 449
Textbook Vocabulary, 449
Tier 2-3 Vocabulary, 450
- Expressive Vocabulary, 450**
Lexical Diversity, 450
Word Retrieval, 451
- Other Semantic Skills, 452**
Quick Incidental Learning (Fast Mapping), 452
Semantic Relations between Clauses, 452
- Syntax and Morphology, 452**
A Strategy for Assessing Receptive Syntax and Morphology, 452
Criterion-Referenced Methods for Assessing Receptive Syntax and Morphology, 453
Expressive Syntax, 455
- Pragmatics, 460**
Pragmatics in Conversation, 460
Discourse Management, 464
Pragmatics of Narrative, 464
- Assessing the "Metas", 475**
Metalinguistic Awareness, 475
- Curriculum-Based Language Assessment, 477**
Artifact Analysis, 477
Onlooker Observation, 477
Dynamic Assessment, 478
- Considerations for Older, Severely Affected Students at the Language for Learning Stage, 478**

Considerations for Speakers with Autism Spectrum Disorder at the Language for Learning Stage, 480
 Conclusions, 481

12 Intervening at the Language-for-Learning Stage, 503
Planning Intervention in the Language for Learning Stage, 504

Planning Intervention with the Individualized Education Program, 504

Section 504 of the Rehabilitation Act of 1973, 505
Family-Centered Intervention for the School-Aged Child, 505

Behavioral Issues in Intervention Planning, 507

Intervention Products in the Language for Learning Period, 508

Guiding Principles of Intervention at the Language for Learning Stage, 508

Principal 1: Use Curriculum-Based Instruction, 508

Principle 2: Integrate Oral and Written Language, 509

Principle 3: Go Meta, 509

Principle 4: Collaborate to Prevent School Failure by Participating in Responsiveness to Intervention, Incorporating Principles 1 through 3, 509

Summary, 510

Intervention Processes in the Language for Learning Period, 510

Clinician-Directed Intervention in the Language for Learning Stage, 510

Child-Centered Intervention in the Language for Learning Stage, 511

Scaffolding, 511

Hybrid Intervention in the Language for Learning Stage, 513

Semantics, 514

Syntax/Morphology: Integrating Advanced Language Forms with Reading and Spelling, 522

The Metas, 537

Intervention Contexts in the Language for Learning Period, 544

Scheduling, 544

Agents of Intervention, 545

Service Delivery Models, 545

The Responsiveness to Intervention Model, 547

The Clinical Model, 547

The Language-Based Classroom, 547

Consultation and Collaboration, 548

Considerations for the Older Clients with Moderate to Severe Disabilities and Those with Autism Spectrum Disorder, 552

Older Students with Moderate to Severe Disabilities Who Function at the Language for Learning Level, 552

Social Communication, 553

Functional Literacy, 553

Students with Autism Spectrum Disorder Who Function at the Language for Learning Level, 554

Evidence-Based Social Pragmatic Interventions for

Students with Autism Spectrum Disorder, 554

Addressing Executive Function and Self-Regulation for

Students with Autism Spectrum Disorder, 556

Conclusions, 557

13 Assessing Advanced Language, 565

Language Development in Adolescence, 565

Adolescents with Language-Learning Disability, 569

Student-Centered Assessment, 570

Screening, Case Finding, and Establishing Eligibility with Standardized Tests in the Advanced Language Stage, 570

Criterion-Referenced Assessment and Behavioral Observation in the Advanced Language Stage, 573
Semantics, 574

The Literate Lexicon, 574

Word Retrieval, 575

Word Definitions, 575

Word Relations, 576

Figurative Language, 576

Semantic Integration, 577

Verbal Reasoning, 577

Syntax and Morphology, 578

Comprehension, 578

Production, 578

Conversational Pragmatics, 584

Discourse Genres, 586

Assessing the “Metas”, 600

Metalinguistic Skills, 600

Metapragmatic Ability, 601

Comprehension Monitoring, 601

Metacognition, 602

Assessing Functional Communication in Students with Severe Disabilities in the Advanced Language Stage, 602

Special Considerations for High-Functioning

Students with Autism Spectrum Disorder, 603

Conclusions, 606

14 Intervention for Advanced Language 630

Issues in Intervention at the Advanced Language Stage, 630

Rationale for Services to Adolescents, 630

The Role of the Speech-Language Pathologist in the Secondary Curriculum, 631

Student-Centered Intervention, 631

Products of Intervention in the Advanced Language Stage, 632

New Intervention Purposes at the Advanced Language Level, 632
